POWER EXICO Afðetishb Report OLARÞOWEfiåEkICO The development of renewables has an exponential growth. We have spoken with brand representatives from many countries there is an exceptional hunger worldwide for the development of Mexico 's transition - SENER (Secretaría de Energía) THE MOST On September 3-5, the three-day Mexico Green Expo was grandly opened at the MAYA Exhibition Center of Mexico City World Trade Center. THE GREEN EXPO is the largest and most influential professional environmental energy conference and exhibition in Mexico and even in Latin America. The These factors have exhibition and conference for the solar industry pushed Mexico to the forefront for solar development since it in São Paulo, Brazil. In Intersolar is also deregulated its electrical grid in . teaming up with The GREEN Expo® in Mexico The country is set to become the Green Expo is the largest environmental energy exhibition in Mexico. It has been successfully held for 22 times. It is composed of four themes: enviropro, clean green energy POWERMEX, water treatment watermex and green city. The exhibition was strongly supported by the Ministry of environmental Anern Mexico Exhibition As one of the key markets for solar energy development in Mexico, Anern will naturally not be absent from this exhibition. At this exhibition, Anern exhibited a variety of self-developed solar light and solar energy storage related IBESA Mexican Energy Storage Workshop

The International Battery & Energy Storage Alliance (IBESA) is delighted to announce that it will be organizing the IBESA Mexican Energy Storage Workshop @ Solar Power Mexico, taking place re-plus-mexico An integrated conference program covering HIGHLIGHTS Attracting the entire supply chain different topics related to the solar industry, not only in Mexico, but on a global scale. Afore Global Tour Exhibition, Mexico Station The exhibition brings professional energy information together and gathers leading brands in the international new energy industry. It is an important platform for professional energy Page 33 Intersolar Mexico, taking place in demand for the next 15 years and predicts an \$11,906 million the World Trade Center (Pepsi Center) in Mexico investment opportunity in solar energy. Mexico international green energy show --COTV InternationalThe exhibition was strongly supported by the Ministry of environmental protection and energy of Mexico and conieco (the National Association of industrial ecologists), making outstanding Energy Storage Mexico Exhibition: Your Gateway to Latin The country's energy storage sector is growing faster than a cactus in
