How can I save money if I'm not good at Money Management? It can be difficult to earn and save money, especially if you are not great at money-management and are struggling to pay off your debts. But earning an income is the first step to saving money and paying off any debt that may be limiting your finances. Why should you save money? As you consider reasons to save money, be specific about how savings can impact your life. Recent research from the American Psychological Association shows it's crucial to find a reason to save that matches your personality traits and priorities instead of adhering to generic goals. That said, here are some common reasons to consider.

1. What can you do with the money you save? You can save money to achieve short-term goals, such as saving to buy new clothes, or a gift, or long-term goals such as buying a car, or house. Also, saving money can help you cover unexpected expenses such as medical expenses, or pay for repairs for your car. Investing is something you can do with the money you save.
